Event Agency/Module Rental

I sell our event agency rental company on my own Behalf. We have been operating our Company in Nebeber Acquisition since 2003. Due to high Sales Increases, in recent Years, this is no longer possible. We are successful in the Event Design and In The Rental of our Event modules. As we operate in the Greater Stuttgart area, we expect significant Rates of Increase in the coming Years. They should be creative and customer-friendly. We have a firm Customer Base.
