Offer Corporate participation, firm participation

IT service

The company's vision is to enable customers to consistently achieve their projected business goals. These customers are active in the market for consulting-intensive investment goods and are absolutely dependent on reliable sales forecasts. Both consulting services and a software solution for analysis and reporting are offered.

Search partners with a very good, ideally American-influenced sales background who is willing to participate in a new company to be founded. All necessary documents from company presentation, naming rights to the business plan are available. There are first concrete contacts with partners and customers.

Take the opportunity to get in touch - I am open to any conversation.
