## **Guesthouse with commercial Room Rental**

I want to make myself self-employed with a Pension.

The Concept and Profitability Plans were drawn up with a Financial Expert and Tax Adviser, and are very good.

The Choice Of location is ideal. There is only one House of this Kind on Site, and this one is about to Close for Hygiene reasons. No Competition within a 30km Radius. Connection to the Motorway in about 1km. The Demand is very high after the Opening of such a House. Staff (Ladies) are available immediately. All you have to do is rent and equips a suitable Property. The House, which is about to Close, now has a monthly Net Profit of about €20,000-30000.

To open this Property, I need about €25,000, as the Banks refuse for "moral" Reasons, but also say that it is a 100%ous Thing.

I pay back the €25,000 in Instalments, and also offer a Partnership of up to 3 Years.

A suitable Object does not yet exist.
