I have developed a globally unique, confirmed patent for a novel, unprecedented direct advertising form in Conjunction with Italian Coffee culture. The Patent combines highly effective Advertising with fresh Italian Espresso in a very innovative way.

The Prototype is ready, proof of concept has been made. I need Capital (€250T) to develop a Production Model out of the Prototype. There are already very promising Contacts and Cooperation commitments from the Most famous Espresso manufacturer in the world in the Form of a LOI's. All Partners relevant to Development and Implementation are found and are waiting in the Wings. Only There is a lack of Capital.

If The Costs of the Patent Application are covered in other Countries, a 25% participation in the respective Patent must be acquired.

Active Participation in the Company is possible and welcome if the Total Is invested.
