Online Retail

I am looking for a patron who is financially helpful to me to realize my idea of a dessous-onlineshop, especially for damen-oversublers but also nails and nodes.

Several years of professional experience in the retail sector are available,

Years of experience as a private salesman at ebay as well.

Unfortunately, however, that alone is not enough.

Different negotiations with European manufacturers are already under way.

Maybe there is someone here who can help me with his experience in the online business.

I would like to express my heartfelt thanks in advance.
