The club has a capacity of 1.000 guests. They can enjoy the music on two floors which are separated by a sound absorbing glass wall. The smaller second floor features an own entrance and can thus be run as a club on its own if required

Apart from being a platform for electronic music and party culture in downtown Frankfurt, the club offers a variety of possibilities to use the venue, either for art exhibitions, literary readings, theatrical performances or concerts in either of the rooms, according to the size of the event.
