Look for Corporate participation, firm participation

Vehicle development/-fertigung

It is to be animated deliberately a quiescent car brand again. Now in addition a foundation society is "i. G.". To be put down, in the end, and to be able to begin activities one more or several partners are necessary. Required capital: 50,000€. Currently these are used for shares at the rate of 49%. Then these 49% will also take effect at the production society. The whole financing of 30 million € seems secure. Offers requested from 2500€ of investment wish and participation wish requested.
