Look for Corporate follow-up, firm follow-up, follow-up **Hotellerie**

Due to the completion of my current business, I'm looking for a new challenge.

Join me in touch with guests are very important. In addition to a 12-year professional experience in the catering and hotel industry, I have not strange betriebswirtschaftliche elements. Budgeting, profit and marketing me go slightly out of hand.

You can not separate from your life's work and want to give it in good hands?

I would appreciate a contact.
