

Look for Corporate financing, investor

Dental Service Center

We have a perfect Location for a Dental Service Center with a grandiose Catchment area. In order to Implement the Business Idea, however, we need An Investor who is willing to invest venture capital in the Amount of €10,000, here we are also thinking of partial Loans with a Maturity of 5-8 Years. The Return will certainly be above average (about 10-15%) Because it is a new Technology and not yet all Specialist Companies use this Technology. There is a complete Business Plan in place and we attach great importance to ensuring that the Company is managed correctly. If there are any Further questions, we look forward to Hearing from you.
