Business for sale more than 15 years

ID 17976

Offer Corporate sales, firm sales, sales **Office Service Company**

For about 10 Years, we have been working on Advising Start-ups. Out of this Branch of business, the Office Service was created. Here we compile the ongoing Summary of Business Transactions and take over the Preparation of ongoing Payslips.

For reasons of Time, I would like to hand over the Office service. The Company is running profitably and there is a Customer Base of 50-60 Customers.

If An Agreement is reached with the Customers, the Location is not the most decisive Creterum. The existing Office Space is rented and can be taken over if Required. They would enter a running business and, after a short Briefing, Could start processing immediately.
