Digital print

We offer a well running business - digital printing of canvases, posters, photo wallpapers etc.

The established business includes all the equipment (large format printer, cold laminator, calibrator for monitor and printer, etc.), as well as a comprehensive database of images - plot and print data, free to use / resale . All graphics (200 templates with different motives) were prepared by professional designers exclusively. All exclusive rights for them are included. The business model is suitable for both: professionals and entrepreneurs. Unfortunately, the current owner must leave for personal reasons, but he will incorporate the successor with all the required information (incl. written instructions).
