Offer Corporate sales, firm sales, sales **ECommerce trading company**

Online trading company focusing on eCommerce in the following sectors:

- Housing, household and decoration
- Sports, Outdoor and Adventure
- Cosmetic and perfume
- Security solutions, smart home and video technology
- IT solutions, IT and telecommunications

We sell our GmbH & Co. KG with a total of 5 online shops in the above areas.

Our shopping platform is a multishopping solution realized with Shopware and personalized and adapted by an IT agency. There are interfaces to ITScope, Bigbuy, Amazon, eBay and CRM as well as JTLWawi systems. The shops are listed on all popular sales platforms.

Trading takes place exclusively in the dropshipping process and has fully automated all processes, so that only customer mails have to be processed here. All other processes work automatically.

The return rate is below 5%.

A high 5-digit amount was invested to set up the platforms.

The company can be operated independently of location.
