Look for Corporate follow-up, firm follow-up, follow-up

Mechanical engineering

Follow-up partner wanted in your metal or mechanical engineering operation?

In order to realize my life's dream, I am looking for-a Diplom.-Ing Mechanical Engineering (FH), 46 years old-a small to medium-sized company that is looking for a successor or co-shareholder.

I have many years of experience in the production and distribution of individual parts, assemblies and machines.

Equity available. Serious commercial thinking and professional know-how guaranteed. Hand on it.

Business units: Machinery/plant engineering, process engineering, CNC machining technology (turning and milling)

Company size: 1-20 MA (or corresponding share of business)

Headquarters: Area Rhein-/Ruhr area (about 40km radius around Dusseldorf) A takeover could take place immediately or in stages. A thorough handover by the previous owner is desired.

Let's get into the conversation. I look forward to getting in touch with you.

Succession

Region 40, Germany

Entry in own name
