Offer Corporate sales, firm sales, sales **Erotic business**

Unfortunately, for personal reasons, we have to give up our long-established erotic business.

Has been around for over 20 years, therefore a broad customer base of direct and surrounding areas as well as a very high level of awareness.

Wide range of classic and new products, well-known manufacturers and high-quality luxury brands. Wide dvd range of German and international producers and extensive toy assortment. Also lingerie, literature, fetish products. Very good commodity management system available.

The shop is located in a side street of the shopping street Hindenburgstraße, within walking distance to the MINTO and the main railway station.

The location is ideal to offer in bright, friendly atmosphere, discreet access to adult toys and sensual additions for beautiful hours.

We would be happy to hand over the complete business, including furnishings and inventory, in "good hands". From January also individual goods and furnishings.
