ID 22373

Look for Corporate follow-up, firm follow-up, follow-up

Industrial wholesale trade independent of location

We are looking for a smaller specialized, non-site-based industrial wholesaler for industrial needs with a sufficient gross profit margin for takeover / company succession against revenue participation. If necessary, it is conceivable that the seller could continue to work part-time. We take over your customer base and the high-runner products in our program. Our current programme includes workplace mats, floor markings, noise protection and other industrial requirements.

Succession

Region 64, Germany

Entry in own name
