

Look for Corporate follow-up, firm follow-up, follow-up **Metalworking**

I am looking for a production company in the field of metal processing. The aim is to participate and/or succeed. I have over 10 years of experience as a managing director in small and medium-sized enterprises (35-500 MA). My experience is based on many years in various roles in the manufacturing industry (sheet metal processing, laser processing, bending, bending, welding, assembly, etc).

For many years now, I have also been successfully offering a comprehensive portfolio of experience, which I now want to bring to bear as an independent entrepreneur.

Please contact me personally.
