

Look for Corporate financing, investor

Financial

Investors are being sought to build a franchise system in the field of construction financing. The areas of Real Estate, Risk, Property Management, Facility Management are also conceivable. The market potential of the services around the real estate value chain is huge, the entry point is favorable. A business concept and licensing system already exists, and initial negotiations with license partners are underway. The founder's specific and professional qualifications are excellent, and several years of professional experience are available as a franchisee. The plan is to set up a franchise system in DACH, and a further expansion across Europe is planned. We are looking for private or institutional investors, private equity, mezzanine capital or similar.
