Pizza delivery / pick-up service

We have been active in the pizza delivery business for 35 years, holder of a master license of an American Pizza franchise system in the field of delivery service, with currently three branches in Rhineland-Palatinate and are now looking for a silent partner to expand a mobile pizza concept (food trucks)

Until the outbreak of the pandemic, we built food trucks for customers in our own workshop and now want to build and operate our own fleet of pizza trucks for our pizza system. A pizza truck fleet of 20 or more vehicles is planned for the long term. Lucrative pitches are more than enough available. For this we need the financial support of an investor. If this business would be interesting for you, we would be very happy to contact you to explain the details.
