Travel agency

Our travel agency has survived the crisis well so far, thanks to the help the company was able to digitize very well

and the ambience will be realigned. The business area of an organizer could also be installed. At the moment we start with campaigns for the health/care and safety sector. The company website is upgraded to a high standard and has its finger on the pulse. Like others, we have also introduced the consulting fee. As a result, revenues can and will be increased. The dÃ©cor replaced the old one this year, making the ambience modern and timeless. The wet area was also extensively and modernly renovated.

In total, about 75,000 EUR were invested in digitization, conversion, business space renovation and the relaunch of the external appearance. The travel agency is located in one of the most beautiful shopping streets in LÃ¼beck.
