The businesses have been well established for over 20 years and have great potential for regular customers. Currently, both countries are operated with 1-2 employees each.

The company consists of two shops (about 100sqm and about 75 square meters) and an online shop.

It can be taken over completely including GmbH, inventory and goods, or only as an asset deal.

It is with a heavy heart that we are parting ways with these two stores that we took over ourselves in the summer of 2020, as we do not have the time for this.

The two countries and especially the online shop have a lot of potential.
