## **Care for the elderly**

We are a young, dynamic and fast-growing company in the field of everyday support, care for the elderly and soon also care. We want to continue this growth in the coming months and years and need capital for each additional location.

We distinguish ourselves from the classic providers in the industry by quality, transparency, long customer and personnel loyalty. Demand in the industry is significantly higher than supply, so that nothing stands in the way of the good order situation. Thanks to our sustainable concept, we will be able to position ourselves strongly on the market in the future.
