Specialist trade tools, electrical cordless tools and hardware

Well-established specialist trade for industry and trade, with a focus on hardware (standard parts), machines as well as cordless and power tools in the Tuttlingen / Schwarzwald-Baar area for sale with immediate effect.

I took over the company in and continued to expand it.

My wide-ranging, well-assorted assortment (machines, tools, fastening material, etc.) enables me to look after all industries and company sizes (from craftsmen to industrial companies). But private individuals are also happy to be advised and served in our business premises.

The 400sqm company building is divided into 150sqm exhibition, 250sqm warehouse with shipping and 50sqm office and social rooms. In front of it there are enough parking spaces for customers.

Good conditions are guaranteed by long-standing, good relationships with well-known suppliers.

The customer base is looked after by our sales force.
