Nursing

Look for participation in an already existing nursing service where I contribute financially as well as personally.

I see the investment as sustainable and long-term in cooperation.

I myself am in possession of a nursing exam and wish active and personal cooperation. As a deposit I think of 40,000 €,–.

I am looking forward to answers from nursing services that are already active and in the black. Please no agencies or professional intermediaries.

Offers gladly from the Bergisches Land (Wuppertal / / Remscheid) and in the vicinity of such as Düsseldorf, Cologne, Kreis Mettmann.
