

## Offer Corporate follow-up, firm follow-up, follow-up **Fitness operation**

### Premium EMS Studio

The personal training concept electromuscle stimulation (2:1 support) is located in the premium segment. The studio enjoys a very good reputation and is known for high-quality training and pleasant, private atmosphere.

In addition to the classic EMS-supported muscle training (2 stations), there is also EMS cardio training (2 stations on the elliptical trainer), the SLIMlight technology for targeted weight loss at problem areas and the Brainlight technology for deep relaxation on offer.

The current location is easily accessible, offers a beautiful all-round view, quiet atmosphere and perfect parking.

The 200m2 studio area includes a large training area, toilet, shower, laundry room and storage room and a separate office. In addition, a 70m2 roof terrace can be used.
