## **Large-scale carpentry**

We arrange a large-scale carpentry workshop near the border with Austria. With about 20 employees, the company is very well utilized, the processes have been running very homogeneously for many years, and the operating and office equipment is modern and contemporary. Due to the retirement of the owner, this company is for sale, purchase price 1 million with operating and office equipment. The property can be bought or rented for 4 million.
