Look for Corporate financing, investor

## **Event catering**

I am looking for an investor to fill a gap in the market who would like to work with me on a long-term basis.

Brief explanation of the project:

I am the only company in Germany that produces spice wines according to a specific recipe. This product is very popular. 100 bottles go on sale every week. Since the demand is increasing, also on the part of commercial customers, I am looking for an investor/silent partner who will enable me to increase production.  
Business plan already completed.

I would be very happy about serious letters.
