Video & Media Production

Media production company with two divisions is looking for partners to participate in the company. Operating turnover has increased continuously since and was around EUR 500,000 in 2022. The business areas are B2B film, media and creative agency services as well as installation and construction of video streaming studios for companies.

There is a motivated managing partner who holds 100% of the company's shares. The involvement of a financially strong and economically experienced partner is desired. Ideally, there are synergies with the corporate purpose of the entering company.

Desired investment funds are 300,000-500,000 EUR. The company, which was founded with a great deal of industry flair and knowledge and no business experience, wants to consolidate, invest and position itself robustly for the future.
