Shoe and locksmith service

From 2024, a shoe and locksmith service that has existed since 1986 will be for sale. The business is sold by the current owner due to reaching retirement age. The offer includes the complete equipment including machines and materials.

The business is housed in rented premises. The rent for 70m² shop and parking space is currently € 850 including utilities.

Our service also includes the installation of locking systems and security devices, as well as door openings.

In addition to private individuals, property management companies are also among our customers.

If you are taken on, you can get used to it.

If you are interested or have any questions, please contact me by email.
