ID 25305

## Look for Corporate follow-up, firm follow-up, follow-up **SMEs in the manufacturing sector**

Our target company:

We are looking for the possibility of a company takeover in order to lead an established medium-sized company to new growth and into a sustainably profitable future. Due to our professional experience, our focus is on the processing and manufacturing industry or the basic/raw material industry. However, we are basically open to entering similar industries (e.g. chemicals/mechanical engineering), as we are particularly active in the field of mechanical engineering. have cross-industry project expertise in various functions. It is important to us that the company is economically healthy and has a diverse customer structure. Both a regional and an international sales focus in the B2B or B2C environment can be considered for this. Geographically, a location in the south of Germany, especially Bavaria and Baden-Württemberg as well as the immediate vicinity, is preferred.

### Succession

Region 80, Germany

Entry in own name
