Roller shutters and sun protection

Our company has been on the market for many decades in the field of roller shutters and sun protection, as well as their repair. We have a close cooperation with well-known manufacturers in the industry. Our area of activity is in both the private and business customer sector. Our catchment area is the greater Munich area and the Bavarian Oberland. The exhibition space is around 200 m², offices and workshop including storage space are also connected. Our employees with years of experience in the roller shutter and sun protection trade can be taken on. The annual turnover of the last three years is around 1.2 million.

If you are interested, please feel free to contact us, we can then discuss details.
