

The big business marketplace

Business for sale more than 15 years

ID 25566

Offer Corporate sales, firm sales, sales

Marriage agency

We are looking for a committed woman (or two) to continue our partner institute, which has been established since 1995. Unfortunately, we have to stop for age and health reasons and want our customers to continue to be well looked after.

You don't need any previous knowledge, just knowledge of human nature and empathy. You will receive our complete know-how, training in our concept, the associated forms, a computer program specially developed for us, of course with the corresponding hardware, a modern telephone system, a homepage that has been established for years, which you can then design for yourself. If you wish, you can also take over our office in the east of Munich with 2 rooms and very nice interior design. And, of course, our extensive partner pool.
