## Property Management

Search Investors for Existing Residential Properties in Munich

We are a successful real estate investment company with a focus on existing residential properties in Munich. Our core business includes the purchase and long-term rental of housing, especially for students and young professionals – a market with stable demand and attractive growth potential.

To finance further projects, we are looking for investors who would like to participate with equity. A separate GmbH is founded for each investment, so that a clear and transparent participation structure is guaranteed.

Your advantages as an investor:

? Solid business model: Investment in a growing and stable market.

? Attractive returns: Sustainable rental income as well as potential for appreciation and future resales.

? Direct co-participation: Investors receive a stake in the respective GmbH and participate in the success.
