Hotel

The hotel has 44 rooms. The property can be taken over rent-free or rented. The lease would have a term of 15-20 years with an agreed index rent. If necessary, it is possible to add a storey to the building with a penthouse plus an extension of an office/six other rooms (building law. approval required). The hotel is located in a well-kept general condition. Demolition and corresponding new construction are also possible after consultation with the city. Here, too, a building law. Approval required)
