Heating and plumbing

We are looking for an established company in the field of heating and sanitary technology in the area, which is characterized by professional competence, sustainable working methods and a solid customer base. Ideally, the company has many years of experience in the installation, maintenance and repair of heating, plumbing and air conditioning systems, both in the residential and commercial sectors. It would be desirable if the takeover was seamless, which is why not only the foreman of the company should continue to work, but also the entire workforce should be taken over. A qualified team of journeymen who make a significant contribution to the quality and smooth operation of the company with their expertise and precision craftsmanship is particularly valuable.
