Media Production / Advertising

SME in the field of media production / advertising wanted – Meister Medienproduktion Bild & Ton is looking for companies to take over.

I am looking for an established company in the field of media production, advertising or related creative services in or Brandenburg to take over as part of a company succession.

As a master craftsman for media production image and sound (IHK, since 2020 incl. trainer aptitude certificate), I have experience both in the private sector and in the institutional environment. Since , I have been a permanent media technician at a university, where I am responsible for the technical supervision of lectures, video conferences as well as the recording and transmission of courses. At the same time, as a self-employed media designer for image and sound, I have successfully implemented projects and live productions for public and private clients since .
