Pipe and sewer cleaning company

Very profitable pipe and sewer cleaning company for sale.

The sole proprietorship for sale is a pipe and sewer cleaner business, without employees.

The pipe and sewer cleaner must clean the clogged pipes and drains. Spirals, pressure equipment, hoses and cameras are used. In the present case, the clients come mainly from and the surrounding area (max. 50 km), plus private households. Due to the very good profits, there is now the realization of the desire to emigrate and thus the company for sale. In relation to profit, the cost block is low because the service uses little material. Overall, this job offers a good work-life balance, in the past not every day was filled with eight or more hours. Acquisition hardly took place. Most of the orders were received and there is a solid and loyal customer base.
