Academy for Further Education and Training

Established EdTech company (digital academy) for sale.

Automated business model “ high profitability “ ready for scaling

For sale is an excellently positioned, fully digital academy for recognized further education and training. Due to a planned relocation of the shareholders abroad to Dubai, the profitable company will be sold.

All processes “ from course booking to certificate issuance “ are digitally mapped and automated. The content is offered entirely online and regularly updated by a highly qualified pedagogical course instructor.

The company is currently managed by two shareholders with 50% each.

Key figures at a glance:

Turnover: approx. €2.8–3.2 million per year

EBIT (earnings before interest and taxes): approx. €1.9 million per year
