

Offer Corporate sales, firm sales, sales

Buying and selling toys

For sale is a fully established e-commerce company in the field of brick parts and minifigures.

The sale will take place as part of a full-asset deal. For reasons of trademark law, the best-known brand in this segment is not mentioned by name.

???? The scope of sales includes:

Over 1,000,000 listed individual parts

Additional warehouse with approx. 2,000,000 additional parts, partly pre-sorted

About 5,000–7,000 minifigures, not yet recorded online

Extensive accessories for minifigures

Around 200 kg of clamping block bundles

Established acquisition platform with a high level of automation and stable performance

Access to an experienced software developer
(Connection of interfaces and individual solutions possible)

Use of a merchandise management system
(import/exportable, compatible with common systems)

Sorting and storage systems to approx.
