## **Online retail, bicycles and more**

I am looking for a successor to an online shop without a warehouse and office. They trade in "everything that rolls", bicycles, inline skates, scooters, etc.

The operation is location-independent. An intensive induction is given. There should already be a business registration or, in the case of an employment relationship, there should be approval from the employer for a part-time activity. The annual turnover is less than 50,000 euros and the time required is about 8 to 10 hours per week.
