Offer Corporate follow-up, firm follow-up, follow-up **Kitchen studio**

Fancy kitchens? Let yourself be inspired.

Beautiful and well located: The kitchen studio welcomes its customers with a spacious showroom and invites them to take a walk. Since its foundation 34 years ago, it has generated attractive profits and enjoys a very good reputation with high recommendation rates in the region and digitally. The company offers an attractive existence and, thanks to the franchisor, is also ideally suited for ambitious career changers.

The location of the kitchen studio is well established and is clearly visible on a frequented road that connects the city center with an important federal highway. The rented building houses a light-flooded kitchen exhibition with many sample booths, which invites you to dream and, of course, to buy. Customer parking spaces - also with a charging station for e-cars - are also included.
