Offer Corporate follow-up, firm follow-up, follow-up

Engineering Office for Geotechnics

We are a small but long-established engineering office for geotechnics. We prepare expert reports and concepts for subsoil investigation, foundations, contaminated site investigation and remediation, building pollutants, groundwater development, infiltration.

We work nationwide with a focus on Rhine-Main mainly for regular customers from trade and industry.

We are looking for an experienced successor (construction engineer or geologist) or office that is interested in taking over.
