

Offer Corporate sales, firm sales, sales

Werkzeugproduktion

For sale is a small business specializing in the production and distribution of a utility model–protected marking and layout tool for craftsmen and engineers.

The company features an established brand and existing retail contacts, as well as a clear and simple production process. The utility model offers a wide range of possibilities and potential for further development.

Included in the sale:

Utility model / intellectual property rights

Product design

Website and online presence

Existing dealer and retail contacts

Bills of materials / production documentation / production workflow

Ideal for hand tool or equipment suppliers, small manufacturers, or as an extension to an existing product portfolio.

Price and details available upon request.
