Subject: Investment Request to Set Up a Branch in Turkey

We would like to introduce you to our forward-looking project, in which we would like to count on your support and offer you an attractive investment opportunity.

About us:

Our company is in the field of heating, ventilation, air conditioning and sanitary technology with over 30 years of successful business activity in Germany. In addition to the planning and installation of ventilation and heating systems, we offer comprehensive services for all aspects of building technology. With this expertise and our successful business model, we intend to take the step into the Turkish market.

Our project:

In 2026, we will open a new branch in the Turkey region with a hardware store and an attached installation company. This branch will act as a complete solution provider for the local market, both stationary and digital.
