Freight forwarding

Profitable freight forwarding company in NRW for sale

Share transaction: 100% of the shares of a smaller freight forwarder with 3 locations in North Rhine-Westphalia are sold. The operation is debt-free.

Purchase price: 400,000 euros. This price takes into account the net asset value (fleet and operating equipment), the customer base built up and the sustainable earnings potential.

Transition phase: The current shareholders offer a structured handover and are available for an induction and transition phase.

Reason for sale: Purely family reasons; the operating business is stable and without economic problems.

Complete range of services: In addition to classic distribution transport, the company offers potential for additional sources of revenue.

Modern processes: IT-supported scheduling and GPS tracking ensure transparency and high punctuality.
