## **Taxi companies**

I am selling my successful taxi company in the district of including all regular customers and firm orders. The business is very stable and provides you with secure income every day. A particular advantage are the three fixed contracts with day care centres: All three facilities are permanently under contract and ensure regular trips from Monday to Friday, sometimes also on Saturdays. For you, this means secure planning and fixed money every week. (approx. 50,000€ turnover per year = 3 day care centres)

In addition, the company has many loyal regular customers in the region, which gives you daily cash income. The reason for the sale is that I am concentrating on another business area professionally. I therefore no longer have as much time for the taxi company as I used to and would now like to hand it over to good hands with all my orders.
