Export trade

Strategic partnership / investment: Established global player in exports (28 years on the market)

Short description

Profitable export trading company with excellent network in MENA, Asia and Africa is looking for active partners to scale. 28 years of expertise, low fixed costs and immediate profitability.

Detailed description

In order to expand our market position and for long-term succession planning, we are looking for an entrepreneurial partner or co-shareholder. The company has been operating successfully as a specialized B2B exporter for over two decades.

Advantage: Lean structure, well-established logistics and customs processes, direct sources of supply for attractive margins.

The opportunity for you: I am looking for someone who will take over the operational management step by step or take the business to the next level through new impulses (digitalization, product range expansion, private labels).
