Look for Corporate sales, firm sales, sales **Engineers**

Group of engineers in the fields of environment, energy, and infrastructure

By investing in successful medium-sized companies, we are creating a group of engineering and planning offices focusing on environmental, energy, and infrastructure issues.

Our financial resources, amounting to a high double-digit million sum (equity capital), enable very fast and secure transactions.

We are interested in companies of all sizes.

We look forward to hearing from you!
