## Offer Corporate sales, firm sales, sales **Wholesale in the furniture sector**

The company is a traditionally medium-sized, well-established and profitable company in the field of wholesale and production, operating in the international market. The range of services ranges from wholesale of mirror and glass products to the revision and trade of used machines in the flat glass sector.

Due to the future development opportunities, a buyer is being sought who is willing to leverage the great potential. The current tour is available on request for a transitional period so that a smooth start is guaranteed.

For reasons of age, the company is sold. The seller is open to an earn-out strategy and therefore also very interesting for MBI candidates.
