## Offer Corporate sales, firm sales, sales **Restaurant / Pizzeria**

For sale is an established Italian restaurant in a prime location – right in the pedestrian zone. The traditional company has been in existence for 34 years and has built up an excellent reputation as well as a loyal, solid customer base over decades.

The restaurant is fully equipped and operational. The cosy, inviting atmosphere and the central location ensure very good footfall all year round. Both regulars and walk-ins appreciate the authentic Italian concept.

Due to its many years of market presence, the restaurant enjoys a high degree of awareness in and the surrounding area. This offers the new owner an ideal basis for a successful continuation or for new gastronomic ideas.

It would be an advantage if the buyer already has experience in the catering industry to ensure a smooth transition and the usual quality.

The handover can take place immediately.
