

The big business marketplace

Business for sale more than 15 years

ID 26921

Look for Corporate follow-up, firm follow-up, follow-up **System house / MSP**

I am an entrepreneurial-minded B2B sales professional with over 10 years of experience at well-known technology companies. After a successful career in building up markets and recurring revenues in the DACH medium-sized sector, it is now my goal to become an entrepreneur myself by taking over an established IT system house or managed service provider in Bavaria or southern Germany.

What I'm looking for:

An IT system house or MSP with 5-20 employees and an annual turnover of between €1-3 million, which has a high proportion of recurring revenue from maintenance contracts or managed services. Companies with an established customer base in medium-sized companies, healthcare or the public sector, as well as a competent technical basis, are particularly interesting.

Succession

Region 80, Germany
